# Jamie Lloyd

Front End Web Developer

## About

Hi I'm Jamie, a Junior Web Developer based in West Lancashire.

I have experience with HTML5, CSS3 (including CSS grid and animation) and JavaScript. I am looking for a junior position in a digital agency, where I can use the skills I have gained, continue to learn and take on new challenges as I stride forwards into my new career.

## Skills

- HTML
- CSS
- JavaScript
- GitHub
- Affinity
- Photoshop

## Experience

**LEP Digital Boot camp**
Nov 2020 - Mar 2021

An intensive 4 month program covering multiple aspects of digital careers including web development and digital marketing. Learning from lecturers and speakers who own and work in various digital agencies and large corporations.

**Healthcare Assistant** - NHS Professionals
Mar 2017 - Feb 2021

A people focused roll working on ward at several hospitals. Working within many diverse teams to provide a high standard of care to patients. Adapting to different working methods and procedures while adhering to strict regulations.

**On-site support** - BT Business
Jul 2013 - Mar 2017

Providing onsite system support and training to over 100 employees. Working one on one with channel management to develop training briefings on system processes. Then presenting these briefings to employees and front line managers.
